

2025 Visual Effects Society Membership Benefits

Members of the Visual Effects Society (VES) enjoy global recognition, fabulous networking, leadership opportunities, outstanding educational programs and exclusive discounts and resources. With over 5,000 of the most talented VFX artists, supervisors, producers, innovators and decision-makers in more than 50 countries, every member and each of our 16 thriving VES Sections are an integral part of our global community.

Leadership Opportunities

VES members everywhere can vote to nominate outstanding work in features, episodic, animation, games, commercials, special venues, practical effects, emerging technologies and student projects, as well as determine the VES Awards winners through the online View & Vote.

Shape the future of the Society by serving on a VES Committee, running for a seat on your local Section Board of Managers or the global VES Board of Directors.

Pay it forward and nurture the next generation of VFX talent through our **Peer-to-Peer Mentoring program**.

Offer to write endorsement letters for prospective members, and encourage them to apply for VES membership.
